FURTHER PAPERS.

Department.	Number.	Series.	Date.

Copy of letter dated 4-5-53 from Sri K.Krishnacharya Ashram, Karkala, S.Kanara District addressed to the Minister for Public Works.

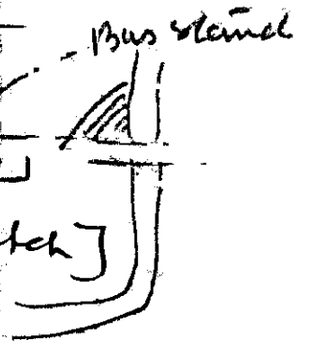
I am a pensioner and a Social Worker. Coming to know of your tour programme in this district and of your visit to Karkal at about 9 a.m. on 6-4-53, I beg to take advantage of your visit, to impress upon your kind attention the need of acquiring a portion of patta land by the side of the busiest cross road in Karkal town. You will notice how many people throng at this junction in the course of their daily business and how many motor vehicles including service Buses, cars and xxx- numerous lorries carrying loads of timber and firewood and fuhd to Mangalore, have been passing through this junction every minute of the day and night. Besides, thps, service buses from Mangalore and Udipi, Dharmakal and Mulki pass through this junction to reach the busstand which is situate to the east of this junction at a distance of a furlong and return again on this portion of this road to reach their destinations.

The local Mariamma temple festival which comes off on 5th and 6th of this month during the Minister's visit to Karikal, includes an item which is directly concerned with this junction of this road where thousands congregate on 5-5-53 to offer this worship and to put their offerings of money in the special box kept for the purpose in front of the Goddess installed for the day and night in a building abutting

P.t.o

on this road.

One can thus realise how important this junction is, and how important it is to keep a police sentry on traffic duty at this junction to safeguard the interests of the foot passengers and to guide the motor vehicles to their safety. Yet there is no police petrol at this junction.



The illustrative sketch will convince anybody of the immediate need to acquire the hatched portion for road purposes. The undersigned prays that the Minister, on his very through Kozhikkal to open the bridge at Puttige, may kindly inspect and satisfy himself regarding the need for the acquisition of the hatched portion and to order accordingly in the interest of public safety.
